## **FM Humane Society Announces Spay/Neuter Donor Designated Fund**

Thousands of puppies and kittens are born every hour in the United States and many will never find homes. Fortunately, spaying and neutering is a solution that we can all be a part of. It's simple, effective, and saves pets' lives for generations to come.

It is the policy of the FM Humane Society that every animal of age is spayed or neutered before they are adopted. It is our organization's promise that we will do our part to help reduce the number of animals who die due to over-population. But our resources are limited and we need the help of our supporters.

It is with this in mind that we ask you to partner with us to help us do our part in solving the pet over-population problem. Would you help us to continue to spay or neuter all our animals before they are adopted?

**YES, I want to partner with FM Humane Society to help solve pet over-population problem.**

**I would like to help FM Humane Society by giving a gift to spay/  
neuter an animal:**
